The Davidson County Sheriff's Office has been chosen as **one** of **six** jurisdictions nationwide to implement the Transition from Jail to Community Model by the National Institute of Corrections and The Urban Institute Justice Policy Center, in Washington DC.

Collaboration and joint ownership by both jail and community stakeholders can help strengthen families, homes, and communities, while sharing responsibility for joint outcomes of interest.

Our Re-Entry Team invites you to be a partner in helping us organize and implement a re-entry system of care for those leaving incarceration, through the use of innovative community based programs both inside the jail and a continuum of care in the community.

By networking in this partnership we can help lower recidivism and build safer communities. Please e-mail if you are interested in becoming a partner in this life changing project. We will keep you updated with information monthly/quarterly if you become a partner.

See your brochure for specific goals and challenges.
